

Award of completion

PRESENTED TO

K M Mashrur Rahman

for the successful completion of the course **"Research for health emergencies and disasters"**

Issued by
WHO Academy

More information

Issued on 10/06/2026

Admission Criteria

None

Course description

Learners engaged in activities to learn about research for health emergency and disaster risk management.

Course activities

Learners successfully completed the presented learning activities on how to explain the role of research in managing health emergencies and disasters; design research for health emergency and disaster response; incorporate cultural and ethical considerations in research design and implementation; and synthesise and communicate research findings effectively to diverse stakeholders.

Course outcomes

The overall learning outcome requires learners to engage with the online learning materials on designing and conducting research for health emergency and disaster risk management.

Assessment

The learner has successfully engaged with and completed all presented learning activities in the course.

Disclaimer

This award does not certify the learner as a trained health worker qualified to practice in this topic area. National and local certificates for qualification must be adhered to.
